REACH Regulation (EC) No. 1907/2006

Dear Sir or Madam,

We comply with all obligations imposed on us by the REACH Regulation (EC) No. 1907/2006.

We do not manufacture any substances, preparations, or articles ourselves, nor do we import any such products from outside the European Union.

We are aware of the information obligations imposed by the REACH Regulation on wholesalers and remain in close contact with our association regarding this matter.

Pursuant to Article 33(1) of the REACH Regulation, manufacturers and distributors are obliged, following publication of the Candidate List, to provide information on substances of very high concern (SVHCs) contained in articles at a concentration exceeding 0.1% by weight.

Despite publication of the Candidate List, we have unfortunately not yet received any information from our suppliers regarding the presence of SVHCs in the articles supplied to you. As soon as such information becomes available, we will of course forward it to you automatically.

Please note that we will not provide any further general explanations, as such explanations would only result in considerable effort for companies within the supply chain without creating legal certainty or any other tangible benefit for the parties involved.

We hope that this information has answered your questions.

Should you have any further questions, please do not hesitate to contact us.

Kind regards,

Yello NetCom GmbH

Heiko Loheider

CEO
